

SESSION START TEMPLATE

Copy this at the beginning of every new session

SESSION GOAL

[Write what we want to achieve in THIS session only - one module]

CONTEXT (Copy from PROJECT_STATUS.md)

- Last completed: [Phase X - Feature Y]
- Current blockers: [Any issues]
- Next priority: [What to build now]

FILES NEEDED

[List any files from previous sessions that need to be referenced]

DEFINITION OF DONE

[What does “complete” look like for this session?]
